"Let the little children come to Me, and don't stop them, because the kingdom of God belongs to such as these," Luke 18:16b

Boxes of food

There is a country where children didn't get to go to school for a long time after Christmas. War broke out three days after Christmas. When they did, teachers were very happy to learn that none of the students were hurt. Thirteen windows were broken at the school, and some families were staying in one of the classrooms. Everyone worked hard to clean up the school.

Still, a few of the children were really sad when they came to school that first day. One child cried all day long. Please pray for children living in countries at war.

Back at Christmastime, the school gave a box of food to every family in the school and every teacher's family. It was the first year the school did that. God knew just what those families needed. Food was hard to find when the war started and it wasn't really safe to go to the store. Each box of food was enough to last a family for one month. Isn't it great that they got those boxes?

Southern Baptists gave the money for the food boxes when they gave to the Hunger Fund. Thank God for everyone who helped these hungry families JUST when they needed the help. Say an extra 'Thank You, God' for your dinner tonight!
