"Let the little children come to Me, and don't stop them, because the kingdom of God belongs to such as these," Luke 18:16b

Make a joyful noise

There's a Christian who lives in a country where there aren't many believers in Jesus. This Christian lives near a center for disabled children and orphans. In many countries, disabled children and orphans don't get the same education as other kids. But this Christian is determined to help!

After many long talks, the directors of the center gave the okay for this believer to come twice a week to teach English, music, and the local language. The believer and other group members cannot teach classes about Jesus, but they CAN share His love with the children.

Some of the kids cannot hear or talk, but they love to join the music class. They may not sing the way we would expect, but they sing with whatever sound they can make. The Bible tells us to "make a joyful noise" and that's just what they do! And the believers are learning some sign language to help "talk" with the kids.

Please pray for the children and the staff at the center. Pray that they will want to know more about what the Christians believe. Pray that they will become Christians too.
