*"Let the little children come to Me, and don't stop them, because the kingdom of God belongs to such as these," Luke 18:16b*

### **More Kids than Grown-Ups**

There are LOTS of young teenagers and children in Zambia—more than 6 million. That's more than half of all the people that live in that country, and they are all younger than 15! The official tourist site calls Zambia the butterfly in the heart of Africa.

I did a little searching on the web to learn more about Zambia, and I fell in love with the photos. I saw the gigantic Victoria Falls, pictures of elephants and blue wildebeest, giraffes and leopards, plus gorgeous sunsets. I think it could be fun to be a kid living in Zambia.

Let's pray for the children of Zambia—it can be fun, but there are lots of challenges too. There is a lot of sickness in their country. It can be hard for the grown-ups to find jobs. And the children don't always get to hear about Jesus. Let's pray that the children will grow up to love Jesus and serve Him.
