*"Let the little children come to Me, and don't stop them, because the kingdom of God belongs to such as these," Luke 18:16b*

**Only one shirt**

You won't believe this, but it is true. There are two men, A and E, who were really poor when they were growing up. Sometimes they had to take turns going outside because they had only one shirt between them. I'm telling you, it's true.

A and E accepted Jesus as Savior and they started sharing the Good News with everyone that would listen. Before long, they had started a church. Then that church started other churches. Now, there is a network of village churches all over the northern part of India.

God challenged A and E to open a children's home, and they now take care of almost 200 children. They run a school for the children of the community. And they help the widows. Those two boys with only one shirt sure have a lot of responsibility now! It can be pretty expensive to take care of everyone, so please pray for A and E. Pray that God will give them everything they need to care for the orphans and widows.

Thank God for these two men and ask God how you can help people in your community.
