"Let the little children come to Me, and don't stop them, because the kingdom of God belongs to such as these," Luke 18:16b

Children and prisoners

It was bad enough that Haiti had an earthquake and so many homes were destroyed. But more than 5,000 prisoners escaped their jail cells too. They moved into some neighborhoods and made them really unsafe. A small Baptist church decided to make life better and to protect the children. Pastor R asked his church to help the children, so the church members are now fixing a hot meal for 300 children, ages 18 months to 17 years, each day. Southern Baptists have given cooking stoves, propane gas, and cooking utensils. UNICEF provided tents so the kids can get out of hot sun.

Please pray for Pastor R and that little Baptist church. Thank God that they are so loving and helpful. When you eat your lunch each day, pray for the children in Haiti who are getting what could be their only hot meal of the day. Pray that they will also hear and understand the stories of Jesus.

Let's not forget those escaped prisoners. Pray that they will let God change their lives and that will not do anything criminal in the future.
